Dr. Owen R. Thompson
Pelican Rapids Masons
505 2nd Ave SE
Pelican Rapids, MN 56572

Dear Dr. Thompson and Pelican Rapids Masons,

On behalf of the Otter Tail Power Company Foundation, I want to thank you for your thoughtful and compelling grant request. We deeply appreciate the important, life-saving work you are undertaking to increase public access to Automated External Defibrillators (AEDs) in Pelican Rapids.

As you full-well know, sudden cardiac arrest is a leading cause of death, and your initiative to make AEDs available 24/7 in public spaces is a vital step toward improving survival rates in our communities. We commend your partnership with Advocates for Health and your commitment to ensuring these devices are accessible, monitored, and maintained for the benefit of residents and visitors alike.

Otter Tail Power Company strives to support projects that enhance health and safety in as many of our communities as possible. To ensure consistency and maximize our impact, we have established a standard donation amount for AED initiatives. For your project, we are pleased to offer a contribution equivalent to the cost of one briefcase AED, which is \$7,500. You may choose to apply these funds toward the purchase of a briefcase AED or put the funds toward an AED Smart Monitored Cabinet, depending on what best meets your community's needs.

We hope this support helps advance your project and encourages others to join in your efforts. Thank you again for your dedication to community well-being and for bringing this important project to our attention.

Sincerely,

A handwritten signature in blue ink, appearing to read "Stephanie Hoff". The signature is stylized with loops and a long horizontal stroke extending to the right.

Stephanie Hoff
