

Harold:

We are starting to gear up for Peteyville 2025 and I know you inquired last year on how to get involved. Here is a run down of how to get a display set up:

Here is the run down of an individual, business or group creating, setting up and taking down a display:

- #1 - Come up with an awesome idea for a display.
- #2 - Get it all put together. (include friends)
- #3 - Contact Doug to discuss and secure a spot in Peteyville.
- #4 - Get it all set by the Monday before Thanksgiving.
- #5 - Have a power cord(s) to run to our power sources.
- #6 - Take down display in January (if possible!?!?)

We only charge \$20 to set up a display as that is the cost of a sign that will recognize your group as a resident of Peteyville! (a larger donation is always excepted! Ha!)

Call 218-329-7521 if you want to just talk about your thoughts.

Doug.
